

INTRODUCTION TO CORROSION AND COATINGS

Investment on the design and construction of major plant and on capital equipment are expensive these days. To realize the full value of such an investment the plant needs to be maintained effectively. Plant and equipment are subject to ongoing severe atmospheric and marine corrosion. This course is designed to give the busy manager / engineers the competency to accurately determine the extent of corrosion problems, what steps to take to prevent further deterioration, evaluate various protective coatings and choose the most cost effective coatings systems to give optimum protection to the project.

This is a 2-day course aimed to provide course participants a firm foundation of the fundamentals of corrosions and how coatings when properly applied will ensure efficient and cost-effective protection.

Training Course Aims

At the end of the course participants will be able to:

- Understand what corrosion, protective coatings are
- Accurately determine the extent of corrosion problems
- Evaluate various protective coatings
- Choose the most cost effective coating system for optimum protection

**DURATION : 2 days
9.00 am - 5.00pm**

Description	Fee
Course Fee	RM 1,600.00

Training Course Contents

- Corrosion Basics
- Corrosion Control By Protective Paints
- Coating Systems / Advanced Coating Materials
- Paint Technology
- Surface Preparation
- Coatings Application Methods and Equipment
- Coating Inspection and Audit
- Coating Defects
- Safety Health and Environment

Who Should Attend

Managers, Engineers, Contractors, Site Supervisors, Architects, Specifiers, and Technical Paint Consultants.

Registration Form

Company Name: _____

Company Address: _____

Telephone No: _____ Fax No: _____

Person in Charge: _____ Email Address: _____

Participant Information:

No	Participant/s	IC / Passport No.	HP No.	Fee

Payment Mode

Payable To: Materials Technology Education Sdn Bhd
(Add on 0.50 cents or 3% commission for outstation cheque)

Direct bank-in

Banker: Hong Leong Bank Berhad
Account No: 00100311204

Kindly fax to 03-5882 3524 the copy of cheque and bank-in slip once payment made.

Organised By:

Materials Technology Education Sdn Bhd
